

Lewisville Rocks

Our city grows, expands, sets a fast pace
while still maintaining a years ago charm.
Lewisville rocks. It's a happenin' place.

Wayne Ferguson Plaza affords a fresh face,
yet Old Town retains the feel of the farm.
Our city grows, expands, sets a fast pace.

MCL Grand provides a secure base
as sold-out concerts constitute the norm.
Lewisville rocks. It's a happenin' place.

While LELA plans its Nature Center space,
brand-new restaurants continue to form.
Our city grows, expands, sets a fast pace.

The Coyote Drive In will make a case
for outside movies, a new-old reform.
Lewisville rocks. It's a happenin' place.

Lewisville carries its changes with grace.
Population, innovation hit like a storm.
Our city grows, expands, sets a fast pace
Lewisville rocks. It's a happenin' place.
